Explore your heritage...

Churches, chapels, mosques, gurudwaras, synagogues and other faith sites are 'treasure houses' of history. They contain carvings, wall paintings, green men, roof bosses, gargoyles and heads, monuments, stained glass and more. Very few ancient sites are built in the style of one architectural period. Their history can be traced through a jigsaw of architectural styles. Faith sites are also keepers of community heritage - churchyards are a veritable 'who's who'. South Yorkshire has a wonderful heritage of faith buildings peppered across the countryside and nestling in our towns. We hope you enjoy exploring those that have opened!

Lots of sites have got special activities for families and children, including craft activities, trails and quizzes. Bring your little ones along and explore your heritage together in new ways.
